SOF DUFFEL BAG (PAL-MORP)

# MILITARY-GRADE LUGGAGE FOR THE TRAVELING WARRIOR.

(4) piece integrated system:

- **Duffel Bag** (PAL-MORP) • **Backpack** (PAL-MPX)
- **Satchel Bag** (PAL-MGB) • **Neck wallet** (PAL-MW)

The **duffel** is checked at the gate, the **backpack** is placed in the overhead compartment, the **satchel** with laptop and travel documents is removed from the pack and placed underneath the seat, and high value items like passport and credit cards are placed in the **neck wallet** and secured around the neck.

Other accessories like the travel rack, padded camera inserts, and waterproof splash guards can be added for easier transport for long carries, extra protection for camera body and lenses, and waterproofing that will keep contents safe from dust and moisture or even allow complete submersion.

# Neck Wallet

The neck wallet can hold all your high value items in (3) different carry methods. It can be worn around the neck as a hanging organizer, laid flat in a cargo pocket as an organizer, or folded again and used as a standard billfold. Great for passports, cell phones, MP3 Players, DVD's, thumb drives, credit cards, pens, and travel receipts. The neck wallet can be used as an ID or Badge carrier for trade shows, conventions, or security environments.

# Mission Go Bag

The most versatile satchel bag you will ever own.

This bag can be configured as a shoulder bag, side waist bag, vest-mounted pouch, briefcase carry, and 10 other carry methods. Contoured straps, a closed foam back plate, rounded edges, and a sleek exterior design provide the comfort required for long missions. Buckles and oversized zipper pulls provide easy access to the bag when traveling in inclement

weather, crowded metropolitan areas, or other stressful travel situations.

The **Mission Go Bag (MGB)** received its name from its ability to facilitate numerous missions – medical treatment bag, explosive breacher bag, sniper bag, mechanic's tool bag, survivalist bag, and a laptop bag (designed for screens up to 13").

# Mission Pack

The extremely comfortable, high capacity 3-day Mission Pack is perfect for long range travel and will hold an almost endless amount of gear. Constructed of 500 Denier nylon, the pack's main compartment offers over 2300 cu inches of storage space plus (2) large internal mesh pockets, (2) large external cargo pockets, and a ventilated drop-down pocket for wet gear. The main compartment can accept all **Mission Panels** including: Travel, Pet, Camera, Swimmer, and more (sold separately). The lower external cargo pocket is specifically sized to accommodate the **Mission Go Bag (MBG)** for quick grab-and-go situations. The main compartment is also outfitted with a slot to hold a 100 oz. hydration bladder.

Ventilated drop-down pocket adds an extra 1/3 amount of storage.

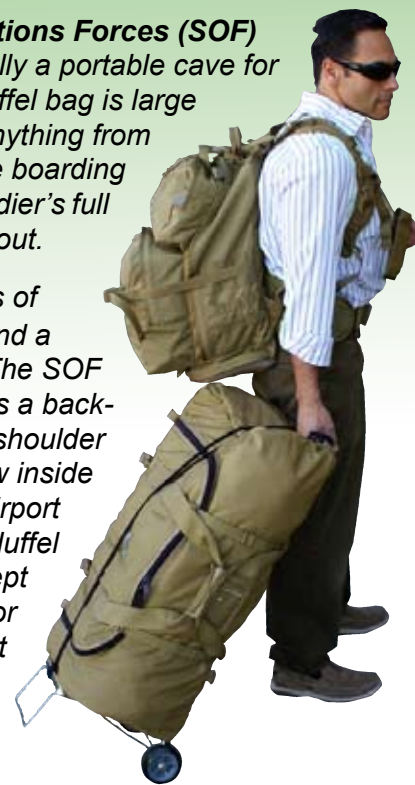

The drop-down pocket is the ideal place for gym clothes, wet shoes, muddy boots, rain gear, or just additional storage space. The drop-down pocket zips up and lays flat against the pack when not in use.

# SOF Duffel Bag

The **Special Operations Forces (SOF) Duffel Bag** is basically a portable cave for travel gear. This duffel bag is large enough to accept anything from SCUBA tanks to kite boarding gear to a ground soldier's full deployment load out.

The main compartment has over 6870 cu inches of storage space. The two internal mesh pockets and a zippered lid pocket provide internal organization. The SOF Duffel bag can also be worn as a backpack with removable shoulder straps that stow inside the bag for airport check-in. The duffel can also accept a wheel cart for easy transport through long airports and subway stations.

Wheel rack sold separately

# HARDCORE ACCESSORIES

## MISSION SYSTEM PANELS

Activity-specific panels built to organize your day-to-day gear into a hanging panel, a slim line carry pack, or by folding in half and zipping closed, one or more of these panels can drop into a **Mission Pack (MP)** for long range travel.

**TRAVELER**

**PET**

**SWIM**

Panels can be used as stand alone backpacks or hang from a door or other surface as a vertical storage panel.

Also available in: **RUN, BIKE, TRIATHLON, DIVER, KAYAK, SAILING, HIKING, INFANT CARE, GYM, CAMPING, EQUESTRIAN, ROCK CLIMBING, CANINE (TRAINER), AND DISASTER/EVACUATION PACK.**

### DIVE-CAPABLE BAGS

Sized to line the **MP** and **MGB**, these bags can be submerged up to 80 ft.

### SLASHGUARD BAGS

Sized to line the **MP** and **MGB**, these bags seal out water, mud, blood, and dust.

### CAMERA INSERT for MISSION PACK

(MSP-CMRA) (MP)

A stand alone backpack or an insert for the **MP**, this panel houses a professional grade camera kit and a laptop.

### HARD CASES

Drop your packs inside these hard-topped cases for the ultimate in shipping protection.

### TRAVEL RACK

Lightweight metal, collapsible wheel rack drops into the **SOF Duffel Bag** when not in use.

### CAMERA INSERT for MISSION GO BAG

(CAMPI) (MGB)

Padded organizer insert module for the **MGB** provides protection for camera, laptop, GPS, and other high value electronics.
