## Paratrooper Augmentation Kit

Call for military / quantity pricing

### FALCON HARNESS

**INTERNAL MAGAZINE CHEST HARNESS AND HYDRATION CARRIER**

*NSN 6545-01-532-1762 ACU*

*NSN 6545-01-532-1747 Coyote Brown*

**PATENT PROTECTED**

The Falcon, designed with the 325 AIR places six M4 Mags flat on the trooper's chest/belly, while placing PALS webbing across the surface to allow mounting of additional pouches (medical, pistol mags, 40mm, etc.) Mags are held in place by elastic cord. Shoulder harness is flat web for low profile under pack and over armor with attachment points for more pouches. Permanently attached to the back is a hydration system carrier (issue Camelbak drops into pouch) with additional PALS attachment points.

### DEVIL RIG

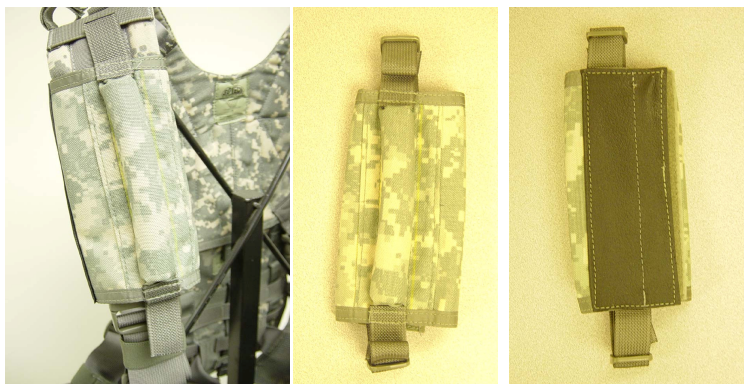

**SPLIT INTERNAL MAGAZINE CHEST HARNESS WITH REMOVABLE HYDRATION CARRIER**

**PATENT PROTECTED**

Designed with the 1/504<sup>th</sup>, the Devil Rig has the same features as the Falcon, except it has padded shoulders, center split with two Fastex buckles, longer straps for wear under parachute harness, radio antennae hole in hydration pouch flap, belt tabs in front and back to on inside to anchor to IBA to prevent rise, sternum strap, hydration tube routing, Velcro nametape patch on reservoir, hydration reservoir hanger tab inside pouch, and hydration pouch is removable for independent wear or attachment to IBA vest.

# S.O.TECH PARATROOPER AUGMENTATION KIT

## NODS Pouch – Padded

Foam padded and lined with full ear flap coverage protects NODS. Internal ring for retention cord.

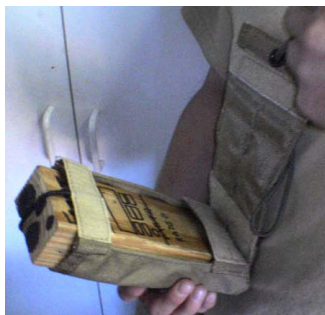

## Rifle Butt Catch

ACU Rubber hose catches butt stock and prevents slippage off shoulder. Rubber backed and adjustable.

## Paratrooper Aid Kit

Fits all elements of Army issue IFAK, but in a more compact kit (only two PALS bars wide). Black cross identifies med kit when soldier or buddy looks at gear. External quick access flap for tourniquet and rubber gloves (items needed fastest in worst trauma situation). Internal slots and pouches fit all items for organized access. Clear vinyl pocket for medical (9 line) card or feel-good meds packets.

## MBITR Pouch – Commander

MBITR Radio Pouch is hinged at the bottom allows soldier to open pouch and view screen of radio. Quick Velcro closure. Cord top fastened. Slots for cord attachment. Ideal for leader changing and checking frequencies often.

## MBITR Pouch – Basic

Standard pouch with cord fastened top. Velcro and Fastex secured.

## Machine Gunner's AG Pack Holds (prototype pictured)

Holds tripod for M240 or M249, spare barrel in Kevlar lined slot, pintle mount, traverse and elevation device, as well as three day pack for soldier sustainment gear.

## Machine Gunner Belted Ammo Pack (no picture)

Carried as a waist pack or bandolier, soldier can feed belted 7.62 ammunition through slot.

## SNIPER KIT

Currently in development with USMC. See [www.SpecOpsTech.com](http://www.SpecOpsTech.com) for Ghillie cloak, bullet tray pouch, sniper pack, drag bag, sniper back scabbard, rifle stock squeeze bag, rifle bullet foregrip pouch and more!

## S.O.TECH MEDIC KIT

### SOF Medical Pack

*NSN 6515-01-526-3657 ACU*

*NSN 6515-01-526-3653 CB*

Combination 3-day pack and medical pack allows soldier to carry personal gear in same pack as med gear to eliminate carry of two bags. Includes pull out CLS bag in external pocket for use during CQB. Official issue to Special Forces Medics (18Ds).

### Medic's Individual Medical Aid Pouch

*NSN 6545-01-527-9837 ACU*

*NSN 6515-01-528-1702 CB*

Individual First Aid Kit Pouch mounts on leg for fastest and most ergonomic access for medics performing care under fire. Pouch mounts to PALS leg panel, but can be removed and mounted on vest or belt. Pouch has removable medical supply insert. Medic carries spare insert in pocket for rip out and reload when moving to next casualty. Shears can mount internally or externally. External slot for quick access to tourniquet. Official issue to all Army Special Operations Forces troops.

### Medic's Assault Chest Harness

*NSN 6545-01-526-3657 ACU*

*NSN 6545-01-528-9044 CB*

Similar harness as Devil Rig but with two Medic's Individual Medical Aid Pouches and two IV/bandage pouches. Official issue to every Special Forces Medic (18D).

### Screaming Eagle First Responder / Combat Lifesaver Bag

Compact and simple waste pack for FR/CLS items organized internally with elastic loops and slots. Designed with 101<sup>st</sup> ABN (AASLT) medics.
